COUPLES REPAIR & RESET

Rio Retreat Center's transformative intensive workshops have been designed by mental health experts and are facilitated by licensed, master's-level therapists and certified professionals. Our workshops specifically address the needs of those who are new in recovery, are stable in recovery and want to deepen their experience, or are looking for a source of renewal. Participants work on sensitive issues in a concentrated format, allowing them to enhance their journey by gaining insight into unhealthy, embroiled patterns and practicing new relational skills within a safe environment.

March 7-11	July 4-8	November 7-11

ABOUT THE WORKSHOP

This workshop serves to help couples explore their relational difficulties in a safe environment, while learning how to work together to heal their relationship. In a small group of couples, combining Pia Mellody's ground-breaking work on Family of Origin Childhood Relational Trauma and Stan Tatkin's mix of neuroscience, human biology of arousal, and attachment theory, this workshop allows a holistic approach to healing. Couples practice how to address painful issues utilizing boundaries, nervous system regulation techniques, and improved communication, building on existing strengths within the coupleship. New rules of engagement are introduced. Vulnerability is encouraged. Exploration of embroiled patterns stemming from family of origin are examined, reducing shame and aiding in the release of those behaviors. Couples Repair & Reset is designed by PIT (Post Induction Therapy) and PACT (Psychobiological Approach to Couples Therapy) trained therapists.
