# FAMILY MATTERS

The Rio Retreat Center at The Meadows one-of-a-kind workshops offer healing and empowerment to individuals in various stages of their recovery. Our workshops address the needs of those who have just begun a recovery process, as well as those who have been on a recovery path and may have hit a plateau or want to deepen their experience. Workshops can also be a source of renewal for anyone who has undergone treatment. Participants work on sensitive issues in a concentrated format allowing them to jump-start and enhance their personal recovery journey by gaining insight into unhealthy patterns and practicing new relational skills within a safe environment.

## ABOUT THE WORKSHOP

**Family Matters is scheduled upon request and requires a minimum of two participants.**

This workshop is designed for privacy and tailored to meet the unique needs of one single family. Establishing a supportive and safe environment by encouraging authenticity, productive communication, and healthy boundaries while working through difficult issues is our objective. During this workshop, family members learn how co-dependent behaviors, trauma, mood disorders, and/or addictions can impact a family system. Family members develop tools to successfully enhance recovery and a relational family system. The primary goal of the workshop is to help members bridge the gaps that have plagued the family system.
