

SURVIVORS II: Alumni Continuing the Healing Journey

The Rio Retreat Center at The Meadows one-of-a-kind workshops offer healing and empowerment to individuals in various stages of their recovery. Our workshops address the needs of those who have just begun a recovery process, as well as those who have been on a recovery path and may have hit a plateau or want to deepen their experience. Workshops can also be a source of renewal for anyone who has undergone treatment. Participants work on sensitive issues in a concentrated format allowing them to jump-start and enhance their personal recovery journey by gaining insight into unhealthy patterns and practicing new relational skills within a safe environment.

ABOUT THE WORKSHOP

Survivors II is an advanced intensive workshop customized to meet the needs of our Alumni. Whether you are an Alumni of The Meadows inpatient programs or Survivors 1 workshop you can use your advanced insight and awareness to further your process. It is designed for those with unresolved childhood and/or adult relational trauma who are seeking healing and freedom from lingering emotional and behavioral struggles. This workshop builds on the work accomplished in Survivors I and also provides more completion of its previous healing work. Primarily experiential in nature Survivors II encompasses psychodrama, art therapy, mindfulness, psycho-education, and other therapeutic techniques to fulfill the needs of each group participant. This collective group of alumni allows for deep work to transpire. (Prerequisite: Survivors I)
