# THRIVE: Going to the Next Level

The Rio Retreat Center at The Meadows one-of-a-kind workshops offer healing and empowerment to individuals in various stages of their recovery. Our workshops address the needs of those who have just begun a recovery process, as well as those who have been on a recovery path and may have hit a plateau or want to deepen their experience. Workshops can also be a source of renewal for anyone who has undergone treatment. Participants work on sensitive issues in a concentrated format allowing them to jump-start and enhance their personal recovery journey by gaining insight into unhealthy patterns and practicing new relational skills within a safe environment.

## ABOUT THE WORKSHOP

Designed by **Tian Dayton, MA, Ph.D., TEP**, world renowned psychodramatist and Senior Fellow of The Meadows, THRIVE is an experiential intensive that takes you to the next level of recovery.

Hanging onto old pain keeps us preoccupied with our past and anxious about our future, rather than living in the present. Releasing dysfunctional roles and embracing new ones empowers us to experience our full potential. But before we're able to release worn out roles, we need to give voice and shape to them. This action-oriented process will provide a unique opportunity to engage in an exploration that will lead you to a greater sense of aliveness and purpose: a life changing new experience carved out of time to energize and revitalize—to live your actualized life!

### The workshop will emphasize:

- Forgiveness
- Resilience Training
- Post-traumatic Growth
- Consolidating Recovery Gains
