

FAMILY MATTERS

The Rio Retreat Center at The Meadows one-of-a-kind workshops offer healing and empowerment to individuals and families in various stages of their healing process. Our workshops address the needs of those who have just begun a recovery process, as well as those who have been on a recovery path and may have hit a plateau or want to deepen their experience. Workshops can also be a source of renewal for anyone who has undergone treatment. Participants work on sensitive issues in a concentrated format allowing them to jump-start and enhance their journey by gaining insight into unhealthy patterns and practicing new relational skills within a safe environment.

2021 WORKSHOP DATES

Family Matters is scheduled upon request and requires a minimum of two participants. Call our workshop specialist to schedule your family.

ABOUT THE WORKSHOP

This workshop is designed for privacy and tailored to meet the unique needs of one single family. Establishing a supportive and safe environment by encouraging authenticity, productive communication, and healthy boundaries while working through difficult issues is our objective. During this workshop, family members learn how co-dependent behaviors, trauma, mood disorders, and/or addictions can impact a family system. Family members develop tools to successfully enhance recovery and a relational family system. The primary goal of the workshop is to help members bridge the gaps that have plagued the family system.
