

# SURVIVORS II: Alumni Continuing the Healing Journey

The Rio Retreat Center at The Meadows one-of-a-kind workshops offer healing and empowerment to individuals in various stages of their recovery. Our workshops address the needs of those who have just begun a recovery process, as well as those who have been on a recovery path and may have hit a plateau or want to deepen their experience. Workshops can also be a source of renewal for anyone who has undergone treatment. Participants work on sensitive issues in a concentrated format allowing them to jump-start and enhance their personal recovery journey by gaining insight into unhealthy patterns and practicing new relational skills within a safe environment.

## ABOUT THE WORKSHOP

Survivors II is an advanced intensive workshop customized to meet the needs of our Alumni. Whether you are an Alumni of The Meadows inpatient programs or Survivors 1 workshop you can use your advanced insight and awareness to further your process. It is designed for those with unresolved childhood and/or adult relational trauma who are seeking healing and freedom from lingering emotional and behavioral struggles. This workshop builds on the work accomplished in Survivors I and also provides more completion of its previous healing work. Primarily experiential in nature Survivors II encompasses psychodrama, art therapy, mindfulness, psycho-education, and other therapeutic techniques to fulfill the needs of each group participant. This collective group of alumni allows for deep work to transpire. (Prerequisite: Survivors I)
