

## Relationships Workshop

# FAMILY MATTERS

### Addressing Dysfunction Within the Family System to Build on Family Strengths

#### WHO IS THIS WORKSHOP RIGHT FOR?

A single family interested in gaining insight into how they can function better as a whole, managing conflicts and issues with practical new tools (children must be 14+ and require admin. approval)

#### ALL ABOUT THIS WORKSHOP

Designed for privacy and tailored to meet the unique needs of a single family, the objective of the Family Matters workshop is to establish a supportive and safe environment by encouraging authenticity, productive communication, and healthy boundaries while working through difficult issues. Family members learn how co-dependent behaviors, trauma, mood disorders, and/or addictions can impact a family system. The primary goal of the workshop is to help members bridge the gaps that have plagued the family system and develop tools to successfully enhance recovery and a relational family system.

This workshop is important because it can:

- Teach family members about how families function in general and how their own family functions.
- Help the family focus less on the member(s) identified as ill and more on the family as a whole.
- Identify conflicts and anxieties and help the family develop strategies to resolve them.
- Strengthen all family members so they can work on their problems together.
- Teach ways to handle conflicts and changes within the family differently.
