

Emotional Trauma Workshop
SURVIVORS II

Continuing the Healing Journey

WHO IS THIS WORKSHOP RIGHT FOR?

Alumni of any Meadows Behavioral Healthcare inpatient program or anyone who has completed our Survivors I workshop and wants to continue the groundbreaking work accomplished in those sessions

ALL ABOUT THIS WORKSHOP

Survivors II is an advanced intensive workshop customized to meet the needs of alumni of our inpatient treatment programs or our Survivors I standalone workshop, with participants using this advanced insight and awareness they've gained to further the initial work done.

Designed for those with unresolved childhood and/or adult relational trauma who are seeking healing and freedom from lingering emotional and behavioral struggles, this workshop builds on the healing work accomplished in Survivors I.

Primarily experiential in nature, Survivors II encompasses psychodrama, art therapy, mindfulness, psychoeducation, and other therapeutic techniques to fulfill the needs of each group participant. This collective group of alumni allows for deep work to transpire, taking our essential Survivors course to the next level. (Completing Survivors I is a prerequisite to register for Survivors II.)
